**Subject:** Fw: spoke with [Ex. 6 - Personal Privacy]

Hi Joanna -

Per our earlier discussion, I understand that you have scheduled 4 appointments for Thursday 3/23 and 1 for Friday 3/24 as follows:

**Thursday**  
9am - [Ex. 6 - Personal Privacy]  
11am - [Ex. 6 - Personal Privacy]  
4pm - [Ex. 6 - Personal Privacy]  
6pm - [Ex. 6 - Personal Privacy]

**Friday**  
3pm - [Ex. 6 - Personal Privacy]

Per Karl's e-mail (below) - it looks like we also need to set aside time on Thursday to meet with [Ex. 6 - Personal Privacy] Depending on Karl's availability - I recommend that we plan to meet with [Ex. 6 - Personal Privacy] at about 1:30 pm. I am not asking you to schedule this - I think Karl will handle that? However - assuming we only have on "team" I wanted to let you know so that we don't double book.... so please don't schedule any more apts for Thursday.

Thursday is looking like a long day, I am hopeful that EPA / ATSDR can work out the travel issues.

THANKS!

**Subject:** spoke with [Ex. 6 - Personal Privacy]

All,

I just got off the phone with [Ex. 6 - Personal Privacy] I think it went well and she feels better about the results. The take home message from me was "We have a 5 yr old at home and if these were my water results I wouldn't hesitate to use water for all household activities (bathing, drinking, cooking, ...).

We discussed chromium, trigger levels, "U" qualified data, nitrogen, bacteria, and PAH results. I told her I plan to meet with her next week to discuss further and look at the wellhead. I also told her I'm waiting for "approved" travel orders and EPA's resident meeting schedule to be finalized before setting a time with her. I promised I would make sure to meet with her after morning childcare duties and before school's out (probably between 9:00-2:30).

She also asked if I could check with DEP (and maybe Cabot) about the status of her results. Do you have any updates from DEP and/or contact information?

Sincerely,

Karl
